THE CARDINAL CODE

HISTORY OF OUR SCHOOL

In 1911, the cornerstone was laid for a high school building at Third and Franklin Streets. Although additions were made, the number of secondary school students continued to climb, until capacity of the building had been reached and passed.

The need for a new high school was recognized, and in 1954 the new senior high school was becoming a project instead of just a dream. The vote for a new senior high was passed in November, 1957. Construction began in June, 1958, and the building was finished in time for the 1959-60 school year. It continues to serve Clinton students to this day.

In the spring of 2007 voters of Clinton passed a levy to build a new high school. Students and faculty occupied the new building in December, 2009.

The real worth of a building is not in bricks and equipment but in the way it serves the youth of the community. Clinton High School is an intangible substance found in the lives of the students who attend its classes and who respect it as their alma mater.

RATING AND ACCREDITATION

Clinton High School carries the highest rating afforded by the Missouri Department of Elementary and Secondary Education, that being Full Accreditation.

SCHOOL COLORS

Clinton High School colors are red and blue.

SCHOOL MASCOT

The Clinton High School mascot is the Cardinal.

1. Courtesy - toward teachers, fellow students, the officials of athletic contests and opposing players.
2. Pride - in everything our school endeavors to accomplish and has accomplished.
3. Sportsmanship - the ability to win and lose gracefully.

GENERAL PROCEDURES

ADMINISTRATION OF MEDICATIONS TO STUDENTS

Non-prescription, over-the-counter (OTC) medications will be administered by school health personnel and his/her designee, if parents/guardians have signed the Administration of OTC Medications sheet each year. Parents will no longer have to bring in Tylenol or Motrin for PRN (as needed) use. If your student needs to be on an OTC medication on a routine basis then the parent will be asked to furnish the medication. We will not exceed 20 doses of acetaminophen and or ibuprofen in one academic year without physician authorization.

If a student is needing prescription medication to be given during the school day, it must be brought to the nurse's office by a parent/guardian. The parent/guardian will need to sign a medication administration form. The medication must be in the original prescription bottle and labeled by the pharmacist or prescriber.

ASSEMBLIES

Students are required to attend all school-sponsored assemblies. Students will be counted truant if they miss scheduled assemblies without permission.

BULLETINS/POSTERS

All announcements, posters, etc., must be approved by the administration and removed immediately after the event. Custodians are directed to remove any posters/announcements within the building that have not been stamped. No tape should be put on lockers. Nothing should be hung on the woodwork outside the PAC. An online calendar may be accessed on the school website: clintoncardinals.org

BUSES

School buses are operated for one purpose, transporting students to and from school. The driver is in charge of the students and the bus. Students must obey the driver promptly and cheerfully. Complaints about a bus problem should be referred to Apple Bus Company at 885-2644.

CAFETERIA

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price.

The lunchroom management and students will appreciate cooperation in:

1. Depositing all litter in proper containers.
2. Returning all trays and utensils to dishwashing area.
3. Leaving the table and floor around your place in a clean condition for others.

The school meal program is operated on a non-profit basis. The Clinton School Board of Education sets the cost of school lunch and breakfast. The student's ID will be presented to the cashier and scanned when exiting the food line each day. Students may deposit weekly, monthly, or larger sums into their account. (Daily deposits are discouraged). Envelopes will be provided and deposits left at the office. The student's name, grade, and account number must be provided on the envelope. Breakfast will be available each morning in the cafeteria between 7:15-7:40

Clinton High School has a closed lunch session. Students do have the option of bringing their lunch when they come to school.

All students must report to the cafeteria during the period that is scheduled for lunch. Each student has five minutes to arrive at the cafeteria for lunch. If a student is late to lunch, it will be considered a tardy. If a student is more than five minutes late, it can be considered truancy.

CARDINAL TIME

Each student will be assigned a Cardinal Time teacher, which they will meet with daily, for advisement and mentoring. The student will keep the same Cardinal Time teacher throughout their tenure at Clinton High School. There may be times when a student is required to travel to alternate teacher for academic interventions. Grades and goals will be visited no less than once per week. Students possessing a Cardinal Card will have opportunities for privileges as time allows.

CLASS DUES

In an effort to eliminate class fundraising, class dues will be paid by each student. These fees will be used to fund class activities such as parade floats and dance expenses. The fee will be in the amount of \$10.00 each year of attendance. Students who have not paid their class dues will not be allowed to attend school dances.

CLOSED CAMPUS

Students are considered on campus when they step on the school bus or onto school property. Students coming on campus in the morning are to remain in school for the rest of the school day. Students are not allowed in the parking lot areas without permission. Permission from the attendance secretary and parents must be obtained before a student may leave the school grounds during the school day. **Any student not checking out through the office will be considered truant.** Students knowing they will leave during the day should bring a note from their parents to the office before classes begin in order to secure a pass. Anyone who leaves the school building, including to and from CTS, or other classes should use the most direct route. Without the proper authorization they will be considered truant. If a student becomes ill during the day, he/she should report to the nurse. Parents must be contacted before the student may leave the building.

DRESS/INAPPROPRIATE APPAREL

Clinton High School is committed to providing a safe, friendly learning environment for its students. Attire is not only a reflection of the individual student, but also of the general learning environment. Therefore, students have the responsibility to wear clothing that projects a positive attitude of pride in self, school and the community. Students are required to wear appropriate, comfortable and safe clothing that is neat, clean and in good taste. **No article of clothing shall be worn that is not appropriate for the educational environment.** The administration views the dress code as a serious issue and expects parents to promote the observance of this policy. Students who dress inappropriately will be asked to change. **Building administrators have the final decision as to the appropriateness of all clothing and attire.** The following is a list of those types of clothing that are considered inappropriate: any clothing that advertises or glamorizes the use of alcohol, drugs, tobacco or weapons; any clothing that has vulgar or inappropriate language or slogans.

EARTHQUAKE, FIRE AND TORNADO DRILLS

The siren of the school security system, which is three short tones repeated, will sound a fire drill. The tornado drill will be a repeated two tone ring. Earthquake drills are announced via intercom. A fire evacuation plan is posted in each room and students should become familiar with it. During a tornado and earthquake drill, students will be escorted to the designated area by school personnel and given proper instructions.

RESPONSIBLE USE OF ELECTRONIC DEVICES

This policy applies to any device not owned by Clinton School District which may include cell phones, iPods, iPads, MP3 players, personal laptop computers, computer watches etc.

Students are permitted to use electronic devices responsibly before or after school, in the commons during their lunch shift and in the hallways between classes. Use of such devices in classrooms will be at the discretion of the classroom teacher. The use of electronic devices during instructional time without the permission of the teacher, or in any other way disrupt the educational process, are subject to the consequences of the Responsible Use of Electronic Device Policy.

LATIN HONOR SYSTEM

3.5-3.75 Cum Laude (with honors)

3.76-3.999 Magna (with great honor)

4.0+ Summa Cum Laude (with highest honors)

For Seniors at Graduation, cumulative weighted high school GPA will be used to determine honors. This will be noted in the graduation program along with graduates wearing honor cords for their respective level of honor. With this honor system CHS will not recognize a valedictorian or salutatorian. Graduation Speaker will be determined by the process outlined below.

Graduation Speaker:

All students who had a cumulative weighted GPA of 3.76+ (Magna or Summa) as of the end of 1st semester of their Senior year and are in good standing with the school are eligible to be a speaker. Interested speakers will enter into a selection process ending with 2 student speakers being selected. Selection process will include an application process, interview with a committee of people (administrator, teacher, Senior class representative, community member), submitting a rough draft of the speech and a run through of the speech in front of an audience.

Honor Roll for all students:

Starting with spring 2017, CHS will publish an honor roll using that semester's weighted GPA and latin honor level for all students grades 9-12.

The goal is to use a consistent system to recognize academic excellence at Clinton High School, align with school philosophy of grading, encourage students to take weighted classes, and use a more inclusive system to recognize the many students who excel academically at CHS.

CLINTON ALTERNATIVE DIPLOMA PROGRAM

The Clinton School District offers the Missouri Options and Missouri School Flex programs to prevent dropouts of students who have fallen behind in credits in comparison to their kindergarten peers or classmates. These students will have the opportunity to “catch-up” with these peers by taking courses virtually or the HiSet exam. Alternative programs provide students with a half-day of individual instruction in a classroom with a certified teacher. The curriculum is based on the student credit needs and is individualized for that student. The students are also encouraged to take credit recovery courses offered two evenings a week. All students in the alternative program are expected to be gainfully employed and working as a part of this program.

Alternative program students meeting the following requirements will be awarded a Clinton High School Alternative Diploma:

1. The student passes the state mandated 24 units of credit.
2. The student must be accepted into the program based on criteria established, which includes being behind in credits compared to their cohort group of students.
3. The student must be enrolled in the program and successfully complete the appropriate coursework and other program requirements.

Students wishing to pursue this program option should speak with their counselor for further guidance and to review the Alternative program handbook. Students meeting the requirements of the Alternative program may participate in the graduation ceremony at the end of the school year.

ACTIVITIES

INTRODUCTION

The following is written to inform students and parents of what will be expected of them as Clinton High School athletes. It is also designed to make the various sports more uniform as far as standards and policies are concerned.

PHILOSOPHY

Clinton School District believes in giving every student the opportunity to participate in athletics and activities. We believe that it is essential to the development of young adults to achieve personal and team goals through hard work and dedication. Our programs seek to promote mental, emotional and social health in addition to the physical development necessary for an active life. We want to give every student the opportunity to prepare him or herself for their future, whatever that may be. Faculty and staff will encourage and promote every student's growth by holding them accountable, assisting with goal setting, and helping students reach these goals.

OBJECTIVES

1. To be a strong academic leader.
2. To develop good community leaders.
3. To develop a strong work ethic.
4. To promote good sportsmanship at all times.

ATTENDANCE AND EXTRACURRICULAR ACTIVITIES

In order for a student to participate in an extracurricular activity, the student must be in school attendance. Any absence from school must have administrative approval before a student may participate that day. Students arriving later than fifteen minutes to school will not be allowed to participate in activities that day.

A student that has an unexcused absence on a given day will not be eligible to participate in a contest or practice until he/she has attended a full day of classes, unless excused by the principal. Suspension from school or assignment to In School Suspension will cause the athlete to be suspended from practice and competition during the suspension period. At 3:00pm on the last day of suspension students become eligible to participate at the coach's discretion. Students in ISS are not allowed to be dismissed early from school to participate. If ISS is assigned on a Friday to begin on the following Monday, students can still participate on Friday.

If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies. Moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol, or injuries to others. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.
- B) **Student Responsibility:** Each student is responsible to notify the school of any and all situations that would affect his/her eligibility under the above standards. TRAINING RULES

Chemical Abuse Policy for Participants of MSHSAA Sanctioned Activities

Mood altering chemicals are a significant health problem for adolescents resulting in negative effects on behavior, learning, and the total development of each individual. The use of tobacco and mood altering chemicals, such as alcohol, drugs, marijuana, etc., affects performance in activities.

Clinton School District has established a prevention program by adopting penalty guidelines for violations of chemical use by students who participate in MSHSAA sanctioned activities. These activities include all athletic teams, cheerleading squads, pompon squad, band, choir, speech/debate and academic team.

Regardless of quantity involved, a student shall not use or consume, have in possession, buy, sell or distribute tobacco, marijuana, alcohol, mood-altering chemicals or any substance defined as an illegal drug by law.

This policy will be in effect for the student from the first day of fall sports practice until the last contest/competition of the school year. Out of season participants are subject to the same consequences as in-season participants.

Upon the first violation, for marijuana, mood-altering chemicals or any substance defined as an illegal drug by law, excluding tobacco, the student will be suspended for 20% of athletic contests, competitions, or performances. Upon the first violation for tobacco, the student will be suspended 10% of athletic contests, competitions, or performances. If the violation occurs at the end of the sport season, the penalty will carry over into the next sport season for the athlete. The student must also meet all other team/squad obligations.

With a second violation for marijuana, alcohol, mood-altering chemicals or any substance defined as an illegal drug by law, excluding tobacco, the student shall lose eligibility for 365 days beginning from the date of the administration's decision. With a second and subsequent violation(s) for tobacco, the student shall be suspended 20% of athletic contests, competitions, or performances. If the violation occurs at the end of the sport season, the penalty will carry over into the next sport season for the athlete. The student must also meet all other team/squad obligations.

The coach, law enforcement authority, or school administrator must confirm any violation committed by a student.

ATTENDANCE

ATTENDANCE POLICY

The Board recognizes the importance of regular student attendance to a successful learning experience. Therefore, regular and punctual patterns of attendance will be expected of each student enrolled in the Clinton School District #124. The entire policy JED, may be viewed on the district website.

In order to receive course credit, or to be considered for promotion to the next grade level, a student must be present a minimum of 95 percent of the scheduled attendance days per semester and receive a passing grade in the course. Absences shall not exceed five (5) days per semester. Parents will be advised by letter when the student has been absent three (3) of the scheduled semester days. If the student exceeds the five-day limit, the parent will be advised by letter.

The district will maintain a comprehensive system of attendance records for each student. Each teacher is responsible for the accurate reporting of daily attendance in the classroom. The building principal is responsible for supplying information to parents/guardians about student absences and for submitting attendance information to the superintendent's office.

- Absences due to school related activities are not included in the cumulative total of days absent.
- Seniors are allowed two college visitation days during the school year; Juniors are allowed one. A pre-approved college day form granting permission is required. This form may be obtained from the high school office. When the student returns, he or she must present a note to the office from the college indicating that the student had visited the school. The note must have the students name, the date of the visit and be signed by a college representative.
 - If properly verified, this absence will not count against the student. Students may not use a college day the day of or the day prior to the Junior/Senior Prom.
- The Clinton School District does not recognize any organized skip days. If the administration becomes aware of any of these days, they may require a doctor's note to excuse the absence.
- Students are allowed one excused absence per year related to drivers test
- A student must have either a note or a phone call from a parent or guardian within twenty-four hours upon returning to school for the absence to be excused. Otherwise the absence becomes truancy. If the parent or guardian does not call before 9:30 a.m. the day of the absence, they will receive an automated phone call. Failure to follow the sign in and out procedures may result in disciplinary action.
- Students who arrive to school late and miss more than half of 1st period will be considered absent. The office will require parental approval (note or phone call) for this absence.
- Students who are absent for any reason can be required to make up work missed in each class. If a student is suspended out of school or truant, he/she may be eligible to make up work for credit.

Students with perfect attendance during the school year will receive a gift card. If a student has perfect attendance all four years of high school, not only will the student receive a gift card each year, but in addition, will receive a five hundred dollar scholarship. In order to achieve perfect attendance a student may not have more than nine tardies during the school year. Students must be enrolled for the entire school year or four years to qualify. Early graduation students are not eligible. These gifts are funded by the Edna and Inos Heard Memorial.

STUDENT CONDUCT

IN-SCHOOL SUSPENSION (ISS)

Clinton High School incorporates an In-School Suspension Program as a part of its disciplinary procedures. The In-School Suspension Program is utilized when appropriate for the particular disciplinary infraction. Students may be placed into In-School Suspension for up to ten days. Students may not participate or attend extra activity events the day they serve In-School Suspension. In addition, interventions will apply. At 3:00pm on the last day of suspension students become eligible to participate at the coach's discretion. Students in ISS are not allowed to be dismissed early from school to participate. If ISS is assigned on a Friday to begin on the following Monday, students can still participate on Friday. In-School Suspension time does not count against a student's absence records.

While a student is in In-School Suspension, he or she will be expected to do teacher assigned work. If the work has not been obtained from the teacher, they will be required to complete work assigned by the In-School Suspension teacher.

The purpose of the In-School Suspension Program is twofold; it is disciplinary in nature, however, it is an attempt to keep the student in school in order that he does not fall behind in his classroom work.

INTERVENTIONS

When appropriate, administration will use interventions as a means of remediation for inappropriate behavior. Interventions could include, but are not limited to; parent notification, loss of privileges, private dining, detention, and/or mediation. Administration reserves the right to use any or all interventions on a given offense.

LOSS OF PRIVILEGES (LOP)

Loss of privileges (LOP) may be used as a primary disciplinary measure as well as being used in conjunction with other disciplinary measures. LOP might include, but is not limited to; attendance to school activities, i.e. dances, games, field trips etc., parking, hall passes, pep assemblies, soda and snack machines, etc. LOP will also include Private Dining during lunch. *Any student receiving Out of School Suspension may also receive LOP in addition to their suspension for an indefinite period of time not to exceed the current school year.*

SAFE SCHOOLS ACT

Effective August 28, 1995, changes in several provisions concerning juvenile crime were made.

One provision of this bill allows children who are between the age of 12 and 17 to be prosecuted as an adult for felony offenses; if the juvenile court judge finds that the child should be tried as an adult.

This will also allow school districts to suspend pupils for 180 days from school based on a finding that the pupil has been charged or convicted as an adult of a felony.

SEARCH AND SEIZURE

School officials reserve the right to search students without adhering to the strict standard of "probable cause" imposed by law enforcement officials. Rather, the legality of such searches will depend upon the reasonableness of the search in light of all the circumstances. There must be reasonable grounds to believe that the search will reveal a

violation of school rules or produce evidence of unlawful activity.

- a) Students have no expectation of privacy in lockers, desks, computers, or other district-provided equipment or areas.
- b) The district will conduct periodic and unannounced administrative searches of lockers, computers and other district equipment.
- c) The district uses dogs to indicate the presence of alcohol, drugs, or other prohibited substances on campus, including the parking lot.
- d) Additional searches of bags, purses, coats, electronic devices, other personal possessions, and vehicles parked on school grounds in accordance with law.
- e) The district may require a student to submit to a drug or alcohol test if there is reasonable suspicion that the student has consumed prohibited substances.

SUSPENSION AND EXPULSION

The term “suspension” refers to an exclusion from school that will not exceed a specific period of time. The term “expulsion” refers to exclusion for an indefinite period. If a student is suspended out of school, he/she may be eligible to make up work for credit if they choose to complete the community service component outlined by administration. Students will not be eligible to participate in or attend any after school activity, or be on school grounds on any day that they served an OSS.

In Missouri, a principal may suspend a student for up to 10 school days. A superintendent may suspend a student for up to 180 school days. The board of education may expel a student.

All suspensions must be reported to the Superintendent of Schools. The Superintendent shall have the authority to revoke suspension at any time or to extend suspensions for a period not to exceed one hundred and eighty days.

In case of suspension by the Superintendent for more than ten days, parents, or others having custodial care of the student, may appeal the decision of the Superintendent to the Board of Education. In such case, a hearing shall be granted the appealing party. The Superintendent, in the event of an appeal, shall transmit a full report, in writing, of the facts relating to the suspension and reasons therefore to the Board.

The Board of Education, after notice to the parents, or others having custodial care, and a hearing upon charges preferred, may suspend or expel a pupil for conduct which is prejudicial to good order and discipline in the schools, or which tends to impair the morals or good conduct of the pupils.

TEACHER DETENTIONS

Detentions will normally be 15-30 minutes. Students will be assigned a specific day for the detention by the teacher or administration. Students will have a minimum of twenty-four hour notice before the detention will be served. It will be the responsibility of the student to inform employers and coaches that they have a detention. For any detention not served in the allotted time, further disciplinary action will be taken.

Secondary Redo/Retake/Reassessment Policies and Procedures

No redos/retakes/reassessments will be offered during the final week of the semester.

Students may reassess on essential standards, aside from the semester final, until a week before the end of the semester, **however the initial conversation regarding reassessment must be started within 1 week of receiving the initial graded assessment.**

The reassessment process must be completed by 1 week prior to the end of semester.

- To be eligible for reassessment, a student must redo homework and/or complete relearning activities after conferencing with their teacher and filling out the redo/retake form.
- You can reassess up to three times on an essential standard at the teacher discretion.

When a student wants to reassess on an essential standard, here are some possible activities to do with them:

- Tutoring session at a mutually agreed upon time
- Go through low-scoring pieces of evidence with them and discuss how to do better
- Redo or turn in missing practice and evidence
- Give alternate assessments/assignments
- Assess only learning targets they need to be reassessed on
- Give alternate forms of learning the material (YouTube video, Khan Academy, another teacher, a different level of reading complexity over your concept).
